

Become a **Sponsor of Citizens' Greener Evanston** and support its efforts to make Evanston a more sustainable community—environmentally, economically, and socially.

CGE's primary focus is helping the community dramatically reduce its greenhouse gas (GHG) emissions. We played a lead role in bringing electricity aggregation, with 100% renewable energy, to Evanston. Thanks to this shift to 100% green power for homeowners and small businesses, **Evanston reached the goal set in its Climate Action Plan**, reducing its GHG emissions 13% (relative to a 2005 baseline) in summer 2013.

Recognizing that much more remains to be done to curb climate change, CGE is now working for a next climate goal: a **20% reduction in GHG emissions by 2016**.

Two areas of emphasis are (1) improving the energy efficiency of homes and businesses and (2) reducing emissions associated with transportation. To be successful, this campaign will need to involve all segments of our community. As a sponsor, your support will help CGE reach more Evanstonians with engaging and practical information about actions they can take to save energy and live more sustainably.

By becoming a CGE sponsor, your company logo will appear in a slideshow of sponsors on the homepage of CGE's website ([www.greenerevanston.org](http://www.greenerevanston.org)). In addition, your company will be recognized in our online directory of sponsors and listed in CGE's annual report.

***Platinum sponsor — \$2,500***

- Your company logo (with hyperlink), a brief description of your company, and recognition as a **platinum sponsor** in CGE's online Directory of Sponsors and in our annual report.
