1. Implementation of a formal environmental literacy and climate justice curriculum would empower our future generations to be knowledgeable, environmentally aware global citizens. Do you support the development of a Climate Justice curriculum and a general adoption of Environmental Science lessons for kindergarten through eighth grade? (for an example of such a curriculum see: <https://www.zinnedproject.org/campaigns/teach-climate-justice>) *

Yes

No

2. Energy consumption in buildings is the greatest source of greenhouse gas emissions in Evanston.

a. Would you support electrifying buildings?

Yes

No

b. Would you endorse development of a long-term infrastructure planning process to incorporate facility upgrades and replacements, such as HVAC and lighting systems, that incorporate climate change-conscious approaches? *

Yes

No

c. How can long-term Buildings and Grounds Planning be advocated on schools' short-term budgets? *

By highlighting how environmental genocide has led to multiple illnesses, such as cancer, and so much more. Anyone that is not willing to eliminate, replace and upgrade what has historically caused harm to both the environment, wildlife and humans is a part of the overall problem.

3. Would you support events such as a D65 Green Team end-of-year locker & classroom cleanout? *

Yes

No

4. Would you support an official D65 Earth Week to be held every April? *

Yes

No

a. Would you support (D65 Green Team-established) Earth Week programs such as the "10 Second Film Festival" for students to express their environmental ideas and creative solutions?

Yes

No

6. The USDA estimates that 30 to 40 percent of food is wasted in the U.S. Large amounts of food are wasted across the district even though as many as 14 percent of Evanston residents may be food insecure. What are your top 2-3 ideas to help ensure that the school community understands how to implement Evanston's zero food waste goals? *

1. to educate the public on these facts, because the vast majority have no idea. 2. create a system that will enable the district to distribute food to families and residents in need rather than disposing of it. 3. Work towards long term solutions, such as working with community, the city and the district on addressing food insecurity.

If you have other thoughts/ details to share, please do so below.

It is also important to have informational sessions with families, the district and the city so that we can work together to eliminate food insecurity in Evanston.
